

Using The South Redford School District's ParentConnection

A NEW WAY FOR A PARENT TO STAY INFORMED

Zangle's ParentConnection is a web application that provides parents with direct access to student data via the Internet. Using a confidential PIN (personal identification number) and password, parents can connect to the school district's student database using a web browser and view their child's data, such as progress reports, attendance records, report cards, transcripts, and more. ParentConnection allows the parent to view, in one session, data on all their enrolled dependents in the same district, across multiple school sites.

To log onto ParentConnection

Follow the instructions below. From a computer with Internet access, open the web browser, (i.e.: Internet Explorer), and

1. Enter web address:

<http://southredford.net/> (No 'www' before address)

Click on "Parents" then the "ParentConnection Login" link.

Note:

If you are using **AOL**, you may have to minimize the AOL window and start the web browser: Internet Explorer.

You cannot have a pop-up blocker enabled while using ParentConnection

As a backup here is second address <https://zangleweb.resa.net/southredford/parentconnect/>
Please only use this address if the first link doesn't work. Note the "s" in the https.

2. Enter PIN and Password, click Logon:

PIN: This number is a unique number assigned to each contact randomly by the computer. Your personal identification number (PIN) cannot be changed.

Password: Use the default assigned password at the top of this page for your first logon. Passwords were randomly generated and are **CASE SENSITIVE**. It is suggested you change your password the first time you connect (see *Account Maintenance* instructions below).

A screenshot of the ParentConnection login page. At the top, it says "Welcome To" followed by the "zangle ParentConnection" logo. Below the logo, there are two input fields: "PIN" and "Password". Below these fields are two buttons: "Logon" and "Reset". A line from the text "click Logon:" points to the "Logon" button.

Please note the School District News appears below the login. You must scroll down to see it.

3. Select a Student:

If you have more than one student enrolled in the district, you will have the opportunity to view those students who have been designated as dependents of the parent who is logged on. Otherwise, the screen will automatically bring up your student's information

Located in the upper right corner of the web page.

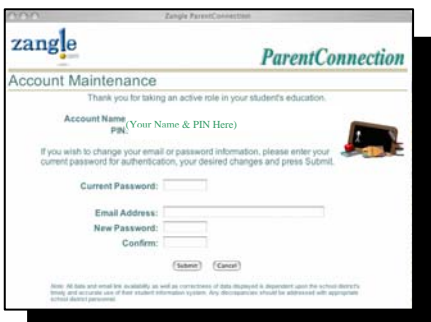

4. Navigate to learn the site

Account Maintenance

The Account Maintenance dialog box enables you to change or edit your password. It also gives you an opportunity to add your home or work e-mail address, which will add you to the district database for future communications.

This e-mail address will not be distributed outside the district.

Help

Use the help link to answer any questions regarding this website.

Sign Out

When your viewing is done, please sign out.

You will automatically be logged out of Parent-Connection if this site is **inactive** for 20 minutes.

Printing Note:

When printing any one of the linked pages, be sure to first place your cursor in the middle of the page and click once. Otherwise, you may print a blank page.

5. Navigate Student Data

Click the links on the left side of the screen to view different types of data for the selected student. The currently selected link will be highlighted in white. Some items not available at all grade levels.

- Attendance
- Behavior
- News
- Marks/Grades
- Assignments
- Demographics
- Cafeteria
- Health
- Grad Requirements
- GPA / Transcript
- Testing

Refreshing data pages

Data viewed in ParentConnection is "live", therefore it may be updated in real time by the school while you are viewing data.

6. Explanation of Student Data Line

Demographics

The Demographics tab shows essential information for your child, such as name, address, telephone numbers, birth date, counselor, etc. This is available so parents can check the accuracy of the information, as it exists in the school's student database.

Inaccuracies or misspellings should be reported to the school office.

Attendance

This page displays a record of your child's attendance entries for the current school year. A teacher or the attendance secretary at the school generates the attendance entries. Entries of concern should be discussed with your child before calling the attendance office.

Note:
'Present 1st Day' is a state mandated entry required at the beginning of each school year.

Cafeteria

If deposits are made into the cafeteria system, this page will display your student's balance and the types of items purchased.

GPA

This page displays the complete history of your child's grade point average for each high school semester (Term), as well as a cumulative (Cum) GPA. For your student's GPA, use the Overall GPA (which is the first one on the list). The current semester GPA will not appear until semester report cards are mailed.

The other GPA types are used for other types of calculations (some are only calculated yearly). These are detailed more in the FAQ (Frequently Asked Questions).

Marks

This page displays an aggregate list of all the progress reports and report card marks that have been posted to the system for your child in the current school year.

CODE KEY

Term column:

- P1H** = 1st Marking Period Progress Report – High School
- P2H** = 2nd Marking Period Progress Report – High School
- P1M** = 1st Marking Period Progress Report – Middle School
- P2M** = 2nd Marking Period Progress Report – Middle School
- M1H** = 1st Marking Period – High School
- Q1M** = 1st Quarter – Middle School
- S1** = 1st Semester – High School and Middle School

Type column:

- Acad** = Academic
- Cit** = Citizenship – Middle School only
- Exam** = Semester Exam – High School only

Mark column:

Letter grade is shown here.

Comments column:

Comments are pre-defined. Optional report card comments may be entered by teacher.

Transcript

This page displays the complete history of marks and credits earned for your child, since the beginning of high school enrollment. Current school year marks do not appear on your child's transcript until semester report cards are mailed. (Reminder, you can see these marks on the Marks page.)

Welcome to The South Redford School District's ParentConnection

**A NEW WAY FOR A PARENT TO STAY INFORMED ABOUT
THEIR CHILD**

As part of our on-going effort to improve communication between parents and our schools we are implementing a new service entitled *ParentConnection*. This service provides parents with direct access to student data via the Internet. Using a confidential login and password, parents can connect to the school district's student database using a web browser and view their child's data, such as progress reports, attendance records, report cards, transcripts, and more.

This information is "live", which means you will see changes immediately after a change is made to your student's data (attendance, grades, assignments, lunch, etc.). Report cards and progress reports are not "live", they will not be available until they are compiled and we publish them to the web (generally several days after the end of the marking period).

Not all types of information are available at all levels. The different types of information that you can view include:

Elementary School	Middle School	High School
<ul style="list-style-type: none"> • Attendance • Cafeteria • Behavior • Health • News • Demographics • Testing 	<ul style="list-style-type: none"> • Attendance • Marks/Grades • Cafeteria • GPA / Transcript • Behavior • Assignments • Health • News • Demographics • Testing 	<ul style="list-style-type: none"> • Attendance • Marks/Grades • Cafeteria • GPA / Transcript • Behavior • Assignments • Health • News • Demographics • Testing • Grad Requirements

We hope ParentConnection will be helpful in keeping you informed about your students.

The attached pages will provide you with instruction for "log on" procedures and how to navigate throughout the system. For assistance with your password please contact your school office.

If a parent loses his/her ID or password, they must present picture ID to the school office in order to receive this information.
